Eastbound On-Ramp Closure of SR-91 freeway at Van Buren Boulevard

City announces on-ramp closure

RIVERSIDE, Calif. – The southbound Van Buren Blvd. left turn onto the eastbound SR-91 Freeway will remain closed during the remainder of construction on the SR-91/Van Buren Blvd. Interchange Project. This continuous closure is being implemented to facilitate traffic flow and reduce congestion during construction

During the closure, traffic will be detoured to Adams via Indiana.

The eastbound on-ramp will remain open for northbound traffic on Van Buren.

The \$34.5 million project will replace the Van Buren Blvd. bridge over the SR-91 freeway with six-lane bridge to reduce traffic congestion. New dual left-turn lanes onto westbound on ramp and additional hook ramp onto eastbound on ramp will make it easier for vehicles to access the SR-91 freeway.

The Project is expected to be completed in summer 2011.
